PROFESSIONAL SUMMARY

Results-driven Digital Marketing Strategist with 6+ years of experience managing Meta Ads, Google Ads, SEO, email marketing, CRM, and Shopify e-commerce. Proven track record reducing CPA by 40%, increasing conversions by 18%, and growing social media engagement by 35%. Experienced with AI automation tools (n8n, Claude API) to build scalable marketing workflows. Currently seeking remote digital marketing or operations roles where data-driven execution and AI integration drive measurable business growth.

PROFESSIONAL EXPERIENCE

Marketing Lead & Front Desk Operations | Red Arrow Inn & Suites *May 2024 – April 2025* • Developed and executed local SEO and paid media strategies (Google Ads, Facebook Ads) that increased direct bookings by 25% and website traffic by 30%.

- Managed Meta Ads and Google Ads campaigns with full funnel tracking, achieving 18% conversion rate improvement and 12% reduction in marketing costs.
- Built and managed hotel's social media presence from scratch, growing followers by 40% and engagement by 35% within 3 months.
- Led front desk operations and guest experience protocols, maintaining 98% satisfaction rate.

Operations & Marketing Strategy Manager | Cantor & González SAS *June 2018 – December 2023* *Financial education and trading services company (Colombia).* Led marketing, CRM, and growth strategy for 5+ years. • Optimized paid media budgets across Meta Ads and Google Ads, reducing cost per acquisition (CPA) by 40% while maintaining lead quality.

- Created and managed email marketing and CRM workflows with 85% participant retention rate across educational trading programs.
- Conducted competitor and market analysis leading to two new service launches generating 35% additional revenue.
- Improved team productivity by 22% through implementation of AI-driven tools and process automation.

Freelance Digital Marketing & E-commerce | Independent Projects *2024 – 2025* • *Forex sin tanta raya*: Structured Instagram content strategy for a personal finance/trading brand. Built high-quality lead acquisition channel through educational content, growing an engaged community of potential clients. • *Soul Candle (Shopify)*: End-to-end Shopify store development including UX/UI, payment integration, SEO optimization, and Meta Ads & Google Ads setup with full pixel and catalog configuration.

- C&G Audit (In Development): Building a SaaS digital auditing tool using React, Render serverless functions, and Claude API to score websites /100 across key marketing areas.
- Job Search Automation Agent (n8n): Designed and deployed an automated job search workflow on Render that scrapes 5+ remote job boards, scores listings via Claude API, and delivers a personalized daily email digest — reducing manual search time from hours to minutes.

Driver / Logistics Associate | LLM Delivery – Amazon *May 2025 – Present* • Managing high-volume daily delivery operations (250–300 packages/day) while actively pursuing remote marketing opportunities.
